The Sailor's Ride boat rental was founded in Paros in 2019 by a group of young people, driven by the passion for the sea and the will to share its beauties. With our high quality boats, we organize private tours, or sea transfers. We also offer the 'no license needed' rental in order to rent one of our boats and drive it on your own around the island so that you live the full experience.

Having very good knowledge of the Aegean Sea and specifically of the Cyclades, we want to offer an experience, in a different way, that will be unforgettable!

Stepping out from the usual touristic attractions, we know that the Aegean Sea has to offer magnificent places that would impress everyone. Crystal clear turquoise waters to swim, secluded beaches, quite coves, picturesque places and impressive landscapes are some of the things someone can see. Of course, almost all of them are accessible only by boat!

We have carefully chosen our cruise routes based on our knowledge and experience, so that we can give our passengers a complete view of the places we visit and the sea! We can always adjust our cruises to meet the needs of our passengers, before or even during the trip.

Having always in mind the pleasure of our clients, we are always doing our best to provide the best services.

## **New and Safe boats**

All our boats are new, of high quality and following the highest standards. They are also well-equipped, cleaned and carefully maintained before each voyage.

## **Professional Staff**

Our professional staff has a lot of experience both on the sea and the 'must see' spots, so you can be sure that your cruise will be unique and unforgettable!

If the boat is rented without crew, our experienced instructors will give very detailed instructions on how to use the boat and suggestions for the places worth visiting.

## **24/7 support**

Our team is always available, no matter the time and the day. You can always reach us for advice or information regarding a trip or a booking. Our support of course is also available at the sea, keeping track of our fleet and ready to instantly provide any help needed.

## **Tailor-made services**

We can suggest routes according to the weather conditions and the personal preferences of each client. Whether you are looking for adventure or you just want to relax, The Sailor's Ride can offer a great experience by renting a boat or making a cruise. Also, we can provide our boats for any kind of event, like weddings, bachelor parties, tender services, etc.

With The Sailor's Ride everyone will experience the best day of their holidays!

## **OUR FLEET**

Our fleet is constantly renewed and getting bigger with new boats, so we can offer the best services to our clients!
